

OTAC FLASH

Welcome Class of 2015!

Congratulations on your membership!

The **OTAC Conference** takes place **Oct. 25th-27th** in Sacramento. It's great for networking, advocacy, education, volunteering, leadership, and professional development opportunities, not to

mention awesome sights in Sacramento!

You can find the conference brochure at www.otaconline.org (remember if you sign up as a student you'll get a sweet discount). The student track schedule includes 'Advocacy Day' on Friday, student track on Saturday, and your choice of any session on Sunday. Conference offers opportunities for fun AND professional development! Sign up for movie night, after hours parties, and the 3rd annual **Scavenger Hunt!** #OTAC13

Scavenger Hunt \$15 Sat 10/26
6:30pm-8:30pm
@Hyatt Regency

FACT: There are over a dozen different OTAC Committees to be a part of! Which one will YOU join?

If we don't promote ourselves, who will?! The purpose of the Advocacy & Gov't Affairs Committee or 'AGAC' is to ensure a proactive and timely response to California's legislative/regulatory activity which impacts the practice of occupational therapy. Feel free to contact Luis Arabit, committee chair, to see how you can get involved! gachr@otaconline.org

HABITAT FOR HUMANITY

Our dedicated group of six students and one clinician was able to use its knowledge of occupational therapy, physics, and biomechanics to retrofit a house for a family in Compton. One of the most exciting parts of the day was seeing firsthand how our build days empower communities to come together and keep up their neighborhoods! If you are interested in getting involved, please contact Carly Wasserman at CarlyWasserman@gmail.com.

Have any ideas? Want to be involved? Contact us at: otsc.usc@gmail.com with OTAC FLASH in the subject OR put a note in our OTSC mailbox in the student mailroom
