Open OTD Faculty Position

Impact the Enduring Character of our Program

Be a Part of One of the First Entry-level OTD Programs in New York State (pending NYSED approval)

Roberts Wesleyan College is developing an entry-level OTD program anticipated to launch in the fall of 2021 (currently an ACOTE applicant program), and is seeking founding faculty and staff to join our team. We are designing a faith-based program rooted in occupational justice and immersed in inclusive occupation-based participation. New facilities are being constructed specifically for the applicant OTD program. Come and play a pivotal role in launching our new OTD program. Your creative investment in our innovative program will shape students for years to come and will have a lasting impact on the OT profession.

Our Mission is to prepare occupational therapy students to become spiritually mature, service-oriented practitioners that transform, health, well-being, and quality of life for all persons, groups, and populations.
